

**AGENDA**  
**REGULAR MEETING OF THE BOARD OF COMMISSIONERS**  
**HUMBOLDT BAY HARBOR, RECREATION AND CONSERVATION DISTRICT**

**DATE:** December 12, 2024

**TIME:** Closed Session – 4:30 P.M.  
Regular Session – 6:00 P.M.

**PLACE:** Woodley Island Marina Meeting Room, 601 Startare Drive, Eureka, CA 95501

**How to Observe and Participate in the Meeting:**

Observe: Members of the public can attend the meeting in person or observe the meeting on Zoom at the following link: <https://us02web.zoom.us/j/6917934402>

Meeting ID: 691 793 4402  
One tap mobile  
(669) 900-9128, 6917934402#

*Public members observing on Zoom will not be able to participate or provide comment.*

Members of the public who may wish to provide public comment during the meeting must attend in person.

*The Meeting Room is wheelchair accessible. Accommodations and access to Harbor District meetings for people with other handicaps must be requested of the Director of Administrative Services at (707) 443-0801 at least 24 hours in advance of the meeting.*

**1. Call to Order Closed Session at 4:30 P.M.**

**2. Public Comment**

*Note: This portion of the Agenda allows the public to speak to the Board on the closed session items. Each speaker is limited to speak for a period of three (3) minutes regarding each item on the Closed Session Agenda. The three (3) minute time limit may not be transferred to other speakers. The three (3) minute time limit for each speaker may be extended by the President of the Board of Commissioners or the Presiding Member of the Board of Commissioners.*

**3. Move to Closed Session**

- a) PUBLIC EMPLOYEE PERFORMANCE EVALUATION pursuant to Government Code section 54957(b)(1). Title: Executive Director – Chris Mikkelsen
- b) CONFERENCE WITH REAL PROPERTY NEGOTIATORS. Property: Humboldt County APNs: 506-061-007, 506-061-009, 506-061-010, 506-181-006, 506-181-002, 506-061-006. Agency negotiator: Chris Mikkelsen, Executive Director; Ryan Plotz,

**Agenda for December 12, 2024 Regular Board Meeting**

District Counsel. Negotiating parties: JBM Land, LLC. Under negotiation: price and terms of payment.

c) CCONFERENCE WITH REAL PROPERTY NEGOTIATORS. Property: Humboldt County APN: 506-061-028. Agency negotiator: Chris Mikkelsen, Executive Director; Ryan Plotz, District Counsel. Negotiating parties: Jeff and Rebecca Meyer. Under negotiation: price and terms of payment.

**4. Call to Order Regular Session at 6:00 P.M. and Roll Call**

**5. Pledge of Allegiance**

**6. Report on Closed Session**

**7. Public Comment**

*Note: This portion of the Agenda allows the public to speak to the Board on the various issues NOT itemized on this Agenda. A member of the public may also request that a matter appearing on the Consent Calendar be pulled and discussed separately. Pursuant to the Brown Act, the Board may not take action on any item that does not appear on the Agenda. Each speaker is limited to speak for a period of three (3) minutes regarding each item on the Agenda. Each speaker is limited to speak for a period of three (3) minutes during the PUBLIC COMMENT portion of the Agenda regarding items of special interest to the public NOT appearing on the Agenda that are within the subject matter jurisdiction of the Board of Commissioners. The three (3) minute time limit may not be transferred to other speakers. The three (3) minute time limit for each speaker may be extended by the President of the Board of Commissioners or the Presiding Member of the Board of Commissioners at the regular meeting of the District.*

**8. Adopt Resolution 2024-14, A Resolution of the Board of Commissioners of the Humboldt Bay Harbor, Recreation and Conservation District, Declaring the Results of an Election Held November 5, 2024**

*Recommendation:* Staff recommends that the Board adopt Resolution 2024-14.

*Summary:* A general election was held on Tuesday, November 5, 2024, to elect a Harbor Commissioner for Division 5 of the Humboldt Bay Harbor, Recreation, and Conversation District. The Humboldt County Office of Elections canvassed the returns of the election and has certified the results to this Commission.

**9. Swearing in of Elected Commissioners for Division 1, Division 2, and Division 5 pursuant to California Elections Code Section 10265**

**10. Consent Calendar**

- a) Adopt Minutes for November 14, 2024 Regular Board Meeting
- b) Receive District Financial Reports for July 2024
- c) Receive District Financial Reports for August 2024

- d) Receive District Financial Reports for September 2024
- e) Receive District Financial Reports for October 2024
- f) Charter Agreement Renewal for Humboldt Yacht Club to Operate a Dinghy Storage Raft at Woodley Island Marina

**11. Communications, Reports, and Correspondence Received**

- a) Correspondence Received
- b) Executive Director's Report
- c) Staff Reports
- d) District Counsel Report
- e) District Treasurer Report
- f) District Engineer Report
- g) District Planner Report
- h) Commissioner and Committee Reports

**12. Unfinished Business**

- a) **Receive Status Update Regarding the Humboldt Bay Offshore Wind Heavy Lift Marine Terminal Project**

*Recommendation:* Receive the report and provide direction.

*Summary:* The Board has requested a monthly update regarding the Humboldt Bay Offshore Wind Heavy Lift Marine Terminal Project. Updates may include the project schedule, budget, funding opportunities, tasks completed, tasks underway, upcoming tasks, community engagement, and the latest overall project strategy. This report will provide an update for December 2024.

- b) **Receive a Report on the Design and Construction of a new Storm Water Treatment System for the Fields Landing Boat Yard**

*Recommendation:* Staff recommends that the Board receive a report on the design and construction of a stormwater treatment system at the Fields Landing Boat Yard.

*Summary:* The Fields Landing Boat Yard regulated stormwater has been in exceedance for allowable volumes of certain metals, such as copper and zinc, resulting from the vessel repair and maintenance activities that occur on-site. This has made the installation of a new stormwater treatment system necessary. Under the authorization of the Board of Commissioners, SHN has completed a scope of work that included further assessing existing conditions, providing a basis of design, and preparing a complete project-ready plan.

**13. New Business**

- a) **Consider Adopting Resolution 2024-13: Establishing Findings Relative to Humboldt Bay Harbor, Recreation and Conservation District Permit 2024-02, a CEQA Statutory Exemption for Restoration Projects, and Approval of Harbor District Permit 2024-02 with Conditions for the Wadulh Lagoon Tidal Wetland Enhancement Project**

**Agenda for December 12, 2024 Regular Board Meeting**

*Recommendation:* Staff recommends that the Board: Adopt Harbor District Resolution No. 2024-13 which includes:

- Establishing Findings Relative to a CEQA Statutory Exemption and the Permit Application for the Wadulh Lagoon Tidal Wetland Enhancement Project
- Approving Permit 2024-02 with Conditions for the Wadulh Lagoon Tidal Wetland Enhancement Project

*Summary:* The Humboldt County Resource Conservation District's (HCRCD's) Wadulh Lagoon Tidal Wetland Enhancement Project (Project; Wadulh pronounced "wah-dush") is intended to restore a diked former agricultural pasture to a combination of estuarine and palustrine wetland habitats, including salt marsh, brackish marsh, mudflat, and subtidal/intertidal eelgrass habitat, while protecting existing forested wetlands to the west. The Project will have long-term benefits for climate resiliency, coastal wetlands and associated native species, and sensitive species recovery and result in a mosaic of wetland types as well as a net increase in wetlands. The Project includes a 54-acre Project Area within a 78-acre parcel (APN 506-291-014) along the upper western portion of the Mad River Slough on Humboldt Bay, approximately 1.25 miles west of the City of Arcata, in Humboldt County, California (Figure 1. Project Site and Location Map). The Project Area is located on the Wadulh Unit of the Humboldt Bay National Wildlife Refuge (NWR) and the parcel is owned by the U.S. Fish and Wildlife Service (USFWS).

**b) Consider Adopting a Tri-party Memorandum of Understanding with the California State Lands Commission and the Port of Long Beach to Coordinate and Collaborate Regarding Floating Offshore Wind Turbine Staging and Integration Port Facilities to Enable the Development of Floating Offshore Wind in California**

*Recommendation:* Staff Recommends the Board adopt a Memorandum of Understanding with the State Lands Commission and the Port of Long Beach.

*Summary:* Staff from the Port of Humboldt (District) and the Port of Long Beach (POLB) collaborated on a tri-party Memorandum of Understanding (MOU) beginning in early 2024. Later in the year, both parties invited the California State Lands Commission (SLC) to join the MOU. Following multiple edits from each party, the final version is ready for Board consideration.

**14. Future Agenda Items**

- a) Resolution Supporting Community Engagement
- b) Redwood Marine Terminal II Shared Facilities Agreement
- c) Review of Ordinance 16

**15. Adjournment**

**STAFF REPORT – HARBOR DISTRICT MEETING**

December 12, 2024

**TO:** Honorable Board President and Harbor District Board Members

**FROM:** Mindy Hiley, Director of Administrative Services

**DATE:** December 6, 2024

**TITLE:** **Adopt Resolution 2024-14, A Resolution of the Board of the Humboldt Bay Harbor, Recreation and Conservation District, Declaring the Results of an Election Held November 5, 2024**

---

**STAFF RECOMMENDATION:** Staff recommends that the Board adopt Resolution 2024-14.

**SUMMARY:** A general election was held on Tuesday, November 5, 2024, to elect a Harbor Commissioner for Division 5 of the Humboldt Bay Harbor, Recreation, and Conversation District. The Humboldt County Office of Elections canvassed the returns of the election and has certified the results to this Commission.

**Attachments:**

A. Resolution 2024-14

## ***HUMBOLDT BAY HARBOR, RECREATION, AND CONSERVATION DISTRICT***

---

### **RESOLUTION 2024 - 14**

#### **A RESOLUTION OF THE BOARD OF COMMISSIONERS OF THE HUMBOLDT BAY HARBOR, RECREATION, AND CONSERVATION DISTRICT DECLARING THE RESULTS OF AN ELECTION HELD NOVEMBER 5, 2024**

**WHEREAS**, a general election was held in Division 5 of the Humboldt Bay Harbor, Recreation, and Conversation District on Tuesday, November 5, 2024, for the purpose of electing the Division 5 Commissioner for a full term; and

**WHEREAS**, notice of said election was published, election officers appointed, supplies furnished and that in all respects the election was held and conducted, and the votes thereof received and canvassed and the returns thereof made and declared in the time, form and manner as required by the General Laws of the State of California governing election for special districts; and

**WHEREAS**, the County Elections Department canvassed the returns of the election and has certified the results to this Harbor Commission, the results were received by the Board Secretary, attached and made a part hereof as "***Exhibit A***"; and

WHEREAS, by way of this Resolution, the Board of Commissioners desires to declare the results of the election and such other and further matters as set forth below.

**NOW, THEREFORE**, the Board of Commissioners does resolve, declare, determine and order as follows:

SECTION 1. That the whole number of ballots cast in Division 5 was 10,787.

SECTION 2. That the names of the persons voted for at the election for Division 5 Commissioner are as follows:

- Wilfred "Wil" Franklin
- Jack Norton

SECTION 3. The Board of Commissioners does declare and determine as follows:

- a. Jack Norton is elected as Commissioner, Division 5 of the Board of Commissioners for the full term of four years;

b. Wilfred "Wil" Franklin is not elected as Commissioner, Division 5 of the Board of Commissioners.

**SECTION 4.** The Board Secretary shall enter on the records of the District a statement of the result of the election (Exhibit A), showing: (1) the whole number of ballots cast; (2) the names of the persons voted for; (3) for what office each person was voted for; and (4) the total number of votes given for each person.

**SECTION 5.** That the Board Secretary shall make and deliver to each of the persons so elected a Certificate of Election signed by the Board Secretary and authenticated; that the Board Secretary shall also administer to each person elected the Oath of office prescribed in the Constitution of the State of California and shall have them subscribe to it and file it in the office of the District. The persons so elected shall then be inducted into the respective office to which he has been elected.

**SECTION 6.** That the Board Secretary shall certify the passage and adoption of this resolution and enter it into the book of original resolutions.

**PASSED AND ADOPTED** on December 12, 2024 by the following vote:

**Aaron Newman, Secretary  
Board of Commissioners**

**CERTIFICATE OF SECRETARY**

The undersigned, duly qualified and acting Secretary of the HUMBOLDT BAY HARBOR, RECREATION AND CONSERVATION DISTRICT, does hereby certify that the attached Resolution is a true and correct copy of RESOLUTION NO. 2024-14 entitled,

**A RESOLUTION OF THE BOARD OF COMMISSIONERS OF THE HUMBOLDT BAY HARBOR,  
RECREATION, AND CONSERVATION DISTRICT DECLARING THE RESULTS OF AN ELECTION HELD  
NOVEMBER 5, 2024**

as regularly adopted at a legally convened meeting of the Board of Commissioners of the HUMBOLDT BAY HARBOR, RECREATION AND CONSERVATION DISTRICT, duly held on the 12<sup>th</sup> day of December 2024; and further, that such Resolution has been fully recorded in the Journal of Proceedings in my office, and is in full force and effect.

IN WITNESS WHEREOF, I have hereunto set my hand this 12<sup>th</sup> day of December 2024.

---

**Aaron Newman, Secretary  
Board of Commissioners**

## Bill Payment List

July - October, 2024

**HUMBOLDT BAY HARBOR, RECREATION  
AND CONSERVATION DISTRICT**

**PERMIT AND AGREEMENT TO  
OPERATE A DINGHY DOCK**

Startare Drive  
Woodley Island Marina  
P.O. Box 1030  
Eureka, CA 95501

**PERMITTEE:**  
Humboldt Yacht Club  
Board of Directors  
P.O. Box 445  
Eureka, CA 95502

This Permit and Agreement is executed in duplicate at Woodley Island Marina, Eureka, California, between HUMBOLDT BAY HARBOR, RECREATION AND CONSERVATION DISTRICT, hereinafter referred to as "DISTRICT", and HUMBOLDT YACHT CLUB BOARD OF DIRECTORS, a non-profit California corporation, Eureka, California, hereinafter referred to as "HYC".

WHEREAS, HYC has operated a dinghy storage raft (dinghy dock) in slip I-00-E at Woodley Island Marina since September 1, 1998; and

WHEREAS, HYC requested that DISTRICT continue to allow HYC to operate a dinghy dock as a fundraiser in Slip I-00-E at no charge, through December 31, 2027, for the purpose of storing, launching and retrieving dinghies; and

WHEREAS, Ordinance No. 9, Section 6.78, of the DISTRICT prohibits any commercial endeavor or charter service for hire, subparagraph (a), without a special permit from the DISTRICT;

AFTER REVIEW AND CONSIDERATION thereof by the Board of Commissioners of the DISTRICT of the request of HYC hereinabove referred to:

THE PARTIES, THEREFORE, AGREE AS FOLLOWS:

1. The term of this Permit and Agreement shall be for three (3) years commencing January 1, 2025, and terminating on December 31, 2027. DISTRICT or HYC may terminate this Permit and Agreement by giving sixty (60) days written notice of termination to the other party. DISTRICT may terminate this Permit and Agreement with HYC with or without cause or reason by giving HYC sixty (60) days written notice of termination and HYC shall terminate their Dinghy Dock Operations sixty (60) days from the date of personal service of said written notice of termination or sixty (60) days from the date of deposit or the written notice of termination deposited, enclosed in a sealed envelope with postage thereon fully prepaid, in the United States mail, and addressed to HYC at P.O. Box 445 Eureka CA 95502.

In the event HYC is in default of any of the provisions of the Berthing Permit and Rental Agreement for the Woodley Island Marina, a copy of which is attached hereto as Exhibit "A", and HYC's Berthing Permit is terminated pursuant to said Agreement, this Permit and Agreement shall terminate forthwith on the date of termination of HYC's Berthing Permit and Rental Agreement for the Woodley Island Marina without the requirement of the hereinabove set forth sixty (60) day notice of termination provisions.

2. DISTRICT shall permit HYC, a non-profit organization, to operate their dinghy docks in Slip I-00-E for the purpose of storing, launching and retrieving dinghies. Humboldt Yacht Club shall pay District the sum of \$250.00 (Two hundred fifty dollars and no cents) per year, however all rates may be changed pursuant to paragraph 3 of the Berthing Permit and Rental Agreement for Woodley Island Marina which provides that the District may change or increase the rates by giving thirty (30) days notice.

3. On or prior to the date of the Agreement, to wit: January 1, 2025 HYC shall purchase and maintain throughout the term of the Permit and Agreement Commercial General Liability insurance covering HYC's operation of their Dinghy Docks pursuant to the terms of the Permit and Agreement. Said insurance policy of "protection and indemnity insurance" insuring HYC from liability for bodily injury, death, or property damage as a result of their Dinghy Dock operation and shall name DISTRICT as an additional insured and provide DISTRICT with a Certificate of Insurance stating the amount of the insurance and proof that the DISTRICT is an additional named insured, and the agreement of said

insurance company that DISTRICT shall be notified forthwith of the event of non-payment of the premium or termination of said insurance policy. The amount of insurance shall be One Million dollars (\$1,000,000.00) per occurrence. In the event said liability insurance policy referred to in Paragraph 4 is cancelled or terminated, HYC shall forthwith cease and stop their Dinghy Dock operation at DISTRICT's premises at the Woodley Island Marina and shall not resume operations until said liability insurance policy is fully reinstated and in full force and effect.

4. HYC shall, prior to commencing Dinghy Dock operations, obtain any and all necessary permits, if applicable.

5. HYC agrees that neither the Humboldt Bay Harbor, Recreation and Conservation District, nor its Board of Commissioners, nor any Officer of the District shall be liable to any extent for the injury or damages to any person or property or for the death of any person arising out of or connected with HYC's Dinghy Dock operations and HYC shall indemnify and hold harmless DISTRICT, its Commissioners, and Officers free and harmless from any liability for any such injury, death or damages. In addition, HYC agrees to hold harmless, indemnify, and hold DISTRICT non-responsible for any of HYC's Dinghy Dock operations according to the provisions of paragraphs 11, 13, and 19 of the Berthing Permit and Rental Agreement for Woodley Island Marina, a copy of which is attached hereto as Exhibit "A" and incorporated by reference as though set forth in full.

6. HYC may place a sign on the Dinghy Dock, the size of which must be approved by the DISTRICT's Chief Executive Officer. HYC may place a directional sign for incoming traffic onto the Marina at a location and the type and size sign which is approved by the Executive Director of the DISTRICT, which shall reasonably conform in size, shape, and colors of the signs heretofore existing on the Woodley Island Marina.

7. This Permit and Agreement is not transferable or assignable by HYC without approval in writing by the DISTRICT. Any transfer of assignment or attempted transfer or assignment of this Permit by HYC shall be null and void.

8. This Permit and Agreement is non-exclusive and DISTRICT retains the right to enter into agreements with and grant permits to other persons or Dinghy Dock operators for the same purposes as set forth in this Permit and Agreement.

9. The covenants and conditions herein contained shall apply to and bind the heirs, legal representatives, successors, and assigns of all of the parties hereto; and all of the parties hereto shall be jointly and severally liable hereunder.

10. Time is of the essence of this Permit and Agreement and of each and every covenant, term, and condition, and provision hereof.

11. HYC is hereby notified by the DISTRICT that this Permit and Agreement to Temporarily Operate a Dinghy Dock in conjunction with the Berthing Permit and Rental Agreement for the Dinghy Dock for the Woodley Island Marina or property interests created herein, if any, may be subject to a possessory interest tax or property taxation if created pursuant to Sections 107 to 108 of the California Revenue and Taxation Code and that HYC and/or the party in whom the possessory interest is vested may be subject to the payment of property taxes levied upon such interests. HYC agrees and acknowledges that they have actual notice pursuant to Section 107.6 of the California Revenue and Taxation Code that HYC may be required to pay a possessory interest tax as a result of this Permit and Agreement to Temporarily Operate a Dinghy Dock in conjunction with the Berthing Permit and Rental Agreement for the Dinghy Dock for Woodley Island Marina. HYC hereby acknowledges that they have actual knowledge of the existence of a possessory interest tax and has read the provision of Section 107 to 108 of the California Revenue and Taxation Code. HYC agrees to and shall pay all possessory interest taxes levied any governmental agencies by reason of this Permit and Agreement to Temporarily Operate Dinghy Dock and their Berthing Permit and Rental Agreement for Dinghy Dock.

EXECUTED on \_\_\_\_\_, 2024, by authority of the Board of Commissioners of the HUMBOLDT BAY HARBOR, RECREATION, AND CONSERVATION DISTRICT.

HARBOR DISTRICT MEETING  
December 12, 2024**

**TO:** Honorable Board President and Harbor District Board Members

**FROM:** Rob Holmlund, Development Director

**DATE:** December 3, 2024

**TITLE:** Receive Status Update Regarding Humboldt Bay Offshore Wind Heavy Lift Marine Terminal Project

---

**STAFF RECOMMENDATION:** Receive report and provide direction.

**SUMMARY:** The Board has requested a monthly update regarding the Humboldt Bay Offshore Wind Heavy Lift Marine Terminal Project. Updates may include the project schedule, budget, funding opportunities, tasks completed, tasks underway, upcoming tasks, community engagement, and the latest overall project strategy. This report will provide an update for December 2024.

## **STAFF REPORT – HARBOR DISTRICT MEETING**

**December 12, 2024**

**TO:** Honorable Board President and Harbor District Board Members

**FROM:** Mike Foget, District Engineer  
 Chris Mikkelsen, Executive Director

**DATE:** December 5, 2024

**TITLE:** **Receive a Report on the Design and Construction of a New Storm Water Treatment System for the Fields Landing Boat Yard**

---

**STAFF RECOMMENDATION:** Staff recommends that the Board receive a report on the design and construction of a stormwater treatment system at the Fields Landing Boat Yard.

**DISCUSSION:** The Fields Landing Boat Yard regulated stormwater has been in exceedance for allowable volumes of certain metals, such as copper and zinc, resulting from the vessel repair and maintenance activities that occur on-site. This has made the installation of a new stormwater treatment system necessary. Under the authorization of the Board of Commissioners, SHN has completed a scope of work that included further assessing existing conditions, providing a basis of design, and preparing a complete project-ready plan.

## GENERAL NOTES:

- ALL WORK SHALL CONFORM TO CURRENT CALIFORNIA BUILDING CODE.
- THE WORKING DRAWINGS ARE GENERALLY DIAGRAMMATIC. THEY DO NOT SHOW EVERY OFFSET, BEND OR ELBOW REQUIRED FOR INSTALLATION IN THE SPACE PROVIDED. THEY DO NOT SHOW EVERY DIMENSION, COMPONENT PIECE, SECTION, JOINT OR FITTING REQUIRED TO COMPLETE THE PROJECT. ALL LOCATIONS FOR WORK SHALL BE CHECKED AND COORDINATED WITH EXISTING CONDITIONS IN THE FIELD BEFORE BEGINNING CONSTRUCTION. EXISTING UNDERGROUND UTILITIES WITHIN THE LIMITS OF EXCAVATION SHALL BE VERIFIED AS TO CONDITION, SIZE AND LOCATION BY UNCOVERING, PROVIDED SUCH IS PERMITTED BY LOCAL PUBLIC AUTHORITIES WITH JURISDICTION, BEFORE BEGINNING CONSTRUCTION. CONTRACTOR SHALL NOTIFY ENGINEER OF ANY DISCREPANCIES.
- THE CONTRACTOR SHALL SECURE ALL NECESSARY PERMITS PRIOR TO THE COMMENCEMENT OF CONSTRUCTION.
- THE CONTRACTOR SHALL PROVIDE A COPY OF THE TRENCH PERMIT FROM THE CALIFORNIA DIVISION OF INDUSTRIAL SAFETY PRIOR TO THE EXCAVATION OF ANY TRENCH OVER FIVE FEET IN DEPTH.
- CONTRACTOR SHALL PERFORM TRENCH WORK IN CONFORMANCE WITH THE CALIFORNIA DIVISION OF INDUSTRIAL SAFETY REQUIREMENTS AND SHALL CONFORM TO ALL APPLICABLE OCCUPATIONAL SAFETY AND HEALTH STANDARDS, RULES, REGULATIONS AND ORDERS ESTABLISHED BY THE STATE OF CALIFORNIA AND OTHER APPLICABLE AGENCIES.
- CONTRACTOR AGREES THAT IN ACCORDANCE WITH GENERALLY ACCEPTED CONSTRUCTION PRACTICES, GENERAL CONTRACTOR WILL ASSUME SOLE AND COMPLETE RESPONSIBILITY FOR JOB SITE CONDITIONS DURING THE COURSE OF CONSTRUCTION OF THE PROJECT, INCLUDING SAFETY OF ALL PERSONS AND PROPERTY. ALL WORK AND EQUIPMENT SHALL COMPLY WITH THE CALIFORNIA DIVISION OF INDUSTRIAL SAFETY REQUIREMENTS. THIS REQUIREMENT SHALL BE MADE TO APPLY CONTINUOUSLY, AND NOT BE LIMITED TO NORMAL WORKING HOURS. CONTRACTOR FURTHER AGREES TO HOLD HARMLESS, INDEMNIFY AND DEFEND THE OWNER, THE ENGINEER AND HIS/HER CONSULTANTS.
- THE CONTRACTOR SHALL INDEPENDENTLY REVIEW GROUND, TOPOGRAPHY AND TREE CONDITIONS THROUGHOUT THE SITE, AND ASSESS THE RISK OF COMPLETING THE WORK SET OUT ON THESE PLANS, REGARDLESS OF ROCK, WATER TABLE OR OTHER CONDITIONS WHICH MAY BE ENCOUNTERED IN THE COURSE OF THE WORK.
- ANY DISCREPANCY DISCOVERED BY THE CONTRACTOR IN THESE PLANS, OR ANY FIELD CONDITIONS DISCOVERED BY THE CONTRACTOR THAT MAY DELAY OR OBSTRUCT THE PROPER COMPLETION OF THE WORK SHOWN HEREIN SHALL BE BROUGHT TO THE ATTENTION OF THE OWNER AND THE ENGINEER IMMEDIATELY UPON DISCOVERY. SAID NOTIFICATION SHALL BE IN WRITING.
- ALL UNDERGROUND IMPROVEMENTS SHALL BE INSTALLED TESTED AND APPROVED PRIOR TO PAVING.
- THE CONTRACTOR SHALL NOT BEGIN EXCAVATING UNTIL ALL EXISTING UTILITIES HAVE BEEN MARKED IN THE FIELD. THE CONTRACTOR SHALL NOTIFY EACH APPLICABLE ENTITY AT LEAST 48 HOURS PRIOR TO COMMENCING WORK. CALL UNDERGROUND SERVICE ALERT (USA) TWO WORKING DAYS BEFORE DIGGING AT (800) 227-2600 FOR LOCATES.
- GRADING AND CONSTRUCTION CONTRACTORS SHALL STOP WORK AND NOTIFY THE OWNER AND THE ENGINEER IF CULTURAL RESOURCES ARE DISCOVERED DURING CONSTRUCTION.
- THE CONTRACTOR SHALL GIVE THE INSPECTOR 48 HOURS ADVANCE NOTICE OF ANY CONSTRUCTION OR REQUIRED TESTING.
- SHOULD THE CONTRACTOR OR ANY OF HIS AGENTS OR EMPLOYEES ENCOUNTER OR DISCOVER MATERIALS WHICH APPEAR TO BE HAZARDOUS DURING THE PERFORMANCE OF THE WORK, THE CONTRACTOR SHALL INFORM THE ENGINEER IMMEDIATELY AND SUSPEND WORK IN THE AFFECTED AREA UNTIL THE ENGINEER HAS INSPECTED THE LOCATION AND MATERIALS IN QUESTION. SHOULD IT BE NECESSARY TO UNDERTAKE REMEDIATION, THE ENGINEER WILL GIVE WRITTEN NOTICE TO SUSPEND WORK IN THE AFFECTED AREA UNTIL THE PROPER COURSE OF ACTION HAS BEEN DETERMINED. OPERATIONS IN THE AFFECTED AREA SHALL BE RESUMED ONLY UPON WRITTEN NOTICE BY THE ENGINEER.
- THE TOPSOIL SHALL BE REMOVED FROM CUT AND FILL AREAS AND SHALL NOT BE USED FOR ENGINEERED FILL. TOPSOIL SHALL BE STOCKPILED SEPARATELY AND REPLACED OVER AREAS OF EXPOSED SUBGRADE TO A MINIMUM DEPTH OF 8 INCHES.
- NO CHANGES OR MODIFICATIONS SHALL BE MADE TO THESE PLANS WITHOUT WRITTEN APPROVAL BY THE ENGINEER.

## EROSION CONTROL NOTES:

- BMPs SHALL BE INSTALLED PRIOR TO ANY SITE DISTURBANCE AND MAINTAINED SUCH THAT NO VISIBLE SEDIMENT LEAVES THE SITE.
- TRACKING CONTROLS: ENTRANCE/EXIT BMP IN ACCORDANCE WITH CALIFORNIA STORMWATER QUALITY ASSOCIATION (CASQA) MANUAL.
- PAVED AREAS AT THE ACCESS POINTS SHALL BE SWEEP OR VACUUMED AS OFTEN AS EACH DAY TO ELIMINATE TRACKING SOIL AND DEBRIS BEYOND THE LIMITS OF THE PROJECT SITE. ANY SOILS AND/OR DEBRIS, ROCK, GRAVEL, ETC. TRACKED BEYOND THE LIMITS OF THE PROJECT SITE AS A RESULT OF THIS PROJECT SHALL BE REMOVED IMMEDIATELY.
- DISTURBED AREAS PROTECTED TO EXTENT PRACTICAL DURING CONSTRUCTION.
- STOCKPILE MANAGEMENT TO BE IMPLEMENTED USING BMPs AS DESCRIBED IN THE CALIFORNIA STORMWATER QUALITY ASSOCIATION MANUAL.
- DISTURBED AREA STABILIZED AS SOON AS POSSIBLE.
- THE CONTRACTOR SHALL NOT ALLOW ANY CONSTRUCTION DEBRIS TO ENTER THE STORM DRAIN OR SANITARY SEWER SYSTEMS. THE CONTRACTOR SHALL INSTALL APPROVED PHYSICAL BARRIERS TO ENSURE THAT ALL DEBRIS IS CAPTURED AND REMOVED FROM SURFACE RUNOFF PRIOR TO RELEASING SITE RUNOFF.

## SUBMERSIBLE PUMP SPECIFICATIONS:

- MODEL: GOULDS GE0511 30 (FLOAT INCLUDED) OR APPROVED EQUAL.
- MINIMUM DESIGN PUMP CAPACITY: 500GPM @ 20 FT TDH.
- POWER: 1 PHASE, 115 VOLTS, 9.5 AMP.
- MINIMUM BREAKER SIZE: 15 A.
- MINIMUM CORD LENGTH: 30 FEET.

## FILTER SPECIFICATIONS:

- MODEL: STORMWATER BIOCHAR 48S OR APPROVED EQUAL.
- MEDIA: CAPPING LAYER (UPPER 5")- ZEOLITE
- MEDIA: MID-LAYER (APPROX 30")- BIOCHAR PEAT
- MEDIA: BOTTOM LAYER (BOTTOM 5")- ZEOLITE OR STORMWATER SHALE
- INLET DIAMETER: 3 INCH
- OUTLET DIAMETER: 3 INCH
- SAMPLE PORT TO BE PROVIDED BY MANUFACTURER
- COORDINATE WITH OWNER TO VERIFY RELATIVE POSITION OF PIPING AND FORKLIFT HOLES.

## PROJECT SPECIFICATIONS:

### GENERAL COMPACTION

- COMPACTION REQUIREMENTS AS SPECIFIED WILL BE BY PERCENT OF THE MAXIMUM DRY DENSITY AND AS DETERMINED PER ASTM D 1557. THE IN-PLACE DENSITY SHALL BE DETERMINED BY ASTM D933B.
- PLACE BACKFILL AND FILL SOIL MATERIAL IN LOOSE LIFTS OF NOT MORE THAN 8 INCHES FOR MATERIAL COMPACTED BY HEAVY EQUIPMENT, AND NOT MORE THAN 6 INCHES FOR MATERIAL COMPACTED BY HAND-OPERATED TAMERS.
- THE CONTRACTOR SHALL BE RESPONSIBLE TO CONFIRM THE GROUND ELEVATIONS AND OVERALL TOPOGRAPHY OF THE SITE PRIOR TO THE START OF CONSTRUCTION. THE CONTRACTOR SHALL NOTIFY SHN CONSULTING ENGINEERS AT 707-441-8855 IMMEDIATELY, AND PROVIDE WRITTEN DESCRIPTION OF ANY DIFFERENCES IN TOPOGRAPHY FROM THAT SHOWN ON THESE PLANS WHICH MAY REQUIRE CHANGES IN DESIGN AND/OR AFFECT EARTHWORK QUANTITY.
- TOPSOIL SHALL BE REMOVED FROM ALL CUT AND FILL AREAS AND SHALL NOT BE USED FOR ENGINEERED FILL.
- FILL MATERIALS SHALL COMPLY WITH THE REQUIREMENTS OF THESE PLANS UNLESS OTHERWISE SPECIFIED BY THE MANUFACTURER. ANY DISCREPANCY SHALL BE IMMEDIATELY BROUGHT TO THE ATTENTION OF THE ENGINEER PRIOR TO PROCEEDING WITH THE WORK.
- COMPACTATION IN TRENCHES SHALL BE TESTED EVERY 50 FEET WITH A MINIMUM OF TWO TESTS PER ANY LENGTH OF TRENCHING. THE ENGINEER WILL BE PERMITTED TO COMPLETE TESTING AT ANY BACKFILL ELEVATION DURING THE BACKFILLING PROCESS. THE CONTRACTOR SHALL PROVIDE EQUIPMENT AND AN OPERATOR, FREE OF CHARGE TO FACILITATE THE TESTING REQUIRED BY THE ENGINEER.
- FILL MATERIALS SHALL BE MECHANICALLY COMPACTED. JETTING WILL NOT BE ALLOWED.
- CARE SHALL BE TAKEN NOT TO CRUSH THE PIPE OR OTHER COMPONENTS WITH COMPACTION EQUIPMENT.
- ENGINEER SHALL INSPECT AND APPROVE ALL SUBGRADE, BACKFILL, AND TRENCH WORK PRIOR TO PLACING SUBSEQUENT MATERIALS.

### TESTING AND INSPECTION

- ALL SITE GRADING, SUBGRADE, AND BACKFILLING WILL BE INSPECTED BY THE ENGINEER. CONTRACTOR TO PROVIDE 48 HOUR NOTICE IN ADVANCE OF REQUIRED INSPECTION. FAILURE TO GIVE ADEQUATE NOTICE MAY RESULT IN TESTING DELAYS WHICH WILL BE THE RESPONSIBILITY OF THE CONTRACTOR.
- THE ENGINEER WILL MAKE ALL COMPACTION TESTS WHEN ADVISED BY THE CONTRACTOR THAT IN THE OPINION OF THE CONTRACTOR, SUFFICIENT DENSITIES HAVE BEEN ACHIEVED. THE CONTRACTOR SHALL FURNISH A BACKHOE AND OPERATOR UPON REQUEST AT NO COST TO OWNER.
- THE CONTRACTOR SHALL MAKE ALL NECESSARY EXCAVATIONS FOR COMPACTION TESTS. COSTS OF EXCAVATION, BACKFILLING, AND COMPACTION IN CONNECTION WITH COMPACTION TESTING SHALL BE BORNE BY THE CONTRACTOR. A FAILING COMPACTION TEST INDICATES THAT THE REQUIRED COMPACTION STANDARDS HAVE NOT BEEN ACHIEVED. ANY FILL MATERIAL OR PORTION OF FILL MATERIAL THAT DOES NOT MEET THE SPECIFIED REQUIREMENTS SHALL BE REMOVED AND RECOMPACTED UNTIL THE REQUIREMENTS ARE SATISFIED AT NO ADDITIONAL COST TO THE OWNER. COSTS ASSOCIATED WITH RETESTING PREVIOUSLY FAILED AREAS SHALL BE PAID BY OWNER AND BACK-CHARGED TO THE CONTRACTOR.
- EXCAVATIONS FOR COMPACTION TESTS SHALL BE BACKFILLED WITH MATERIAL SIMILAR TO THAT EXCAVATED, AND BE COMPACTION TO THE SPECIFIED DENSITY.
- ALL COSTS ASSOCIATED WITH ACHIEVING COMPACTION STANDARDS SHALL BE INCLUDED IN THE BID PRICES PAID FOR THE BID ITEM INVOLVED AND THEREFORE NO ADDITIONAL COMPENSATION SHALL BE MADE.

### PAVING

- ALL ASPHALT CONCRETE SHALL BE IN ACCORDANCE WITH CALTRANS STANDARD SPECIFICATIONS SECTION 39.
- ASPHALT MATERIAL SHALL BE HMA TYPE A WITH  $\frac{1}{2}$  INCH AGGREGATE GRADATION. ASPHALT BINDER SHALL BE PG64-16.
- ASPHALT CONCRETE SHALL BE INSTALLED AND TESTED ACCORDING TO THE "STANDARD PROCESS" SPECIFIED IN SECTION 39 OF THE CALTRANS STANDARD SPECIFICATIONS. ACCEPTANCE CRITERIA PER CALTRANS TEST 309.
- WHERE NEW PAVING MEETS EXISTING PAVEMENT, EXISTING PAVEMENT SHALL BE SAWCUT.
- APPLY TACK COAT TO CONTACT SURFACES OF CURBS, GUTTERS AND EXISTING PAVEMENT.
- PLACE ASPHALT CONCRETE WITHIN 24 HOURS OF APPLYING PRIMER OR TACK COAT.
- TACK COAT SHALL BE TYPE SS-1.
- COMPACT PAVEMENT BY ROLLING TO A MINIMUM OF 95% OF MAXIMUM DENSITY IN ACCORDANCE WITH CALTRANS TEST 375. DO NOT DISPLACE OR EXTRUDE PAVEMENT FROM POSITION. HAND COMPACT IN AREAS INACCESSIBLE TO MECHANICAL ROLLING EQUIPMENT.
- PERFORM ROLLING WITH CONSECUTIVE PASSES TO ACHIEVE SMOOTH FINISH WITHOUT ROLLER MARKS.
- AGGREGATE BASE SHALL BE CALTRANS CLASS 2, COMPACTED TO 95% RELATIVE COMPACTION PER ASTM D1557/D6938.
- IN AREAS TO BE PAVED, MINIMUM TOP 6 INCHES OF SUITABLE NATIVE SOIL SHALL BE SCARIFIED AND RECOMPACTED TO 90% RELATIVE COMPACTION PER ASTM D1557/D6938.
- UNLESS OTHERWISE SHOWN ON THESE PLANS, NEW ASPHALT CONCRETE SURFACES AND NEW FINISH GRADE SURFACES SHALL BE INSTALLED SO AS TO MAINTAIN EXISTING SURFACE DRAINAGE PATTERNS.

### PIPING

- ALL EXPOSED PVC PIPING SHALL BE HAND SANDED WITH MEDIUM GRIT SANDPAPER TO PROVIDE TOOTH FOR COATING SYSTEM. COATING SHALL BE ACRYLIC LATEX SEMIGLOSS, 2 COATS, 320 SQUARE FEET PER GALLON PER COAT.

### BELLOW GRADE TANKS

- IF REQUIRED, GEOGRID SHALL BE TENSAR INTERAX NX750 OR APPROVED EQUAL.
- STABILIZATION MATERIAL MAY BE REQUIRED BY ENGINEER IF SUBGRADE CANNOT PROVIDE UNYIELDING SURFACE. MATERIAL TO BE SPECIFIED BY ENGINEER.
- ALL TANK PENETRATIONS TO INCLUDE LINER SEALS.
- TANK JOINTS SHALL BE DOUBLE SEALED TONGUE AND GROOVE FOR HIGH GROUNDWATER CONDITIONS IN ACCORDANCE WITH JENSEN INSTALLATION PROCEDURES.

**STAFF REPORT  
HARBOR DISTRICT MEETING  
December 12, 2024**

**TO:** Honorable Board President and Harbor District Board Members

**FROM:** Vanessa Blodgett, District Planner and Rob Holmlund, Development Director

**DATE:** December 5, 2024

**TITLE:** Consider Adopting Resolution 2024-13: A Resolution Establishing Findings Relative to and Approving Harbor District Permit 2024-02, a CEQA Statutory Exemption for Restoration Projects, and Approval of Harbor District Permit 2024-02 with Conditions for the Wadulh Lagoon Tidal Wetland Enhancement Project

---

**STAFF RECOMMENDATION:** Staff recommends that the Board: Adopt Harbor District Resolution No. 2024-13 which includes:

- Establishing Findings Relative to a CEQA Statutory Exemption and the Permit Application for the Wadulh Lagoon Tidal Wetland Enhancement Project
- Approving Permit 2024-02 with Conditions for the Wadulh Lagoon Tidal Wetland Enhancement Project

**SUMMARY:** The Humboldt County Resource Conservation District's (HCRCD's) Wadulh Lagoon Tidal Wetland Enhancement Project (Project; Wadulh pronounced "wah-dush") is intended to restore a diked former agricultural pasture to a combination of estuarine and palustrine wetland habitats, including salt marsh, brackish marsh, mudflat, and subtidal/intertidal eelgrass habitat, while protecting existing forested wetlands to the west. The Project will have long-term benefits for climate resiliency, coastal wetlands and associated native species, and sensitive species recovery and result in a mosaic of wetland types as well as a net increase in wetlands. The Project includes a 54-acre Project Area within a 78-acre parcel (APN 506-291-014) along the upper western portion of the Mad River Slough on Humboldt Bay, approximately 1.25 miles west of the City of Arcata, in Humboldt County, California (Figure 1. Project Site and Location Map). The Project Area is located on the Wadulh Unit of the Humboldt Bay National Wildlife Refuge (NWR) and the parcel is owned by the U.S. Fish and Wildlife Service (USFWS).

**BACKGROUND:** The parcel consisted of tidal wetlands and mudflat prior to its conversion to agricultural land in the 1930's. Currently the parcel is an abandoned, subsided pasture that is bound on the east side by a failing levee along Mad River Slough, on the west side by dunes and dune forest, on the north by Lanphere Road, and on the south by a vegetated cross levee.

The Project site has been the subject of environmental studies undertaken by Caltrans starting in 2015. The Humboldt County Resource Conservation District acts as lead agency for the Project, and the USFWS as the partnering federal agency who developed preliminary concept plans for the restoration and tidal enhancement of Wadulh Lagoon. The concept plan is informed by the previous studies and investigations by HCRCD consultants and USFWS staff.

**DISCUSSION:** The Project is designed to benefit native fish, wildlife, and plant species by restoring tidal process and ecosystem function to a diked agricultural pasture. The Project includes 1) breaching and lowering approximately 1,650 linear feet of the Mad River Slough Levee, 2) excavating and grading 3.5 acres of low-lying areas of the pasture to elevations that will support eelgrass (*Zostera marina*), 3) excavating a tidal channel network, 4) placing approximately 27,000 cubic yards of native fill to raise low-lying areas to elevations that will support salt marsh, 5) constructing two cross levees, and 6) removal of invasive plant species. The completed project will restore and protect approximately 52 acres of intertidal salt marsh, brackish marsh, freshwater emergent wetlands, and fringe wetlands. The Project provides an opportunity to restore a natural shoreline with a transition from slough to salt marsh to freshwater riparian wetlands.

This Project proposes to modify the current ground contours slightly through the creation of the new tidal lagoon channel and placement of excavated materials in locations and elevations to support establishment of salt marsh habitat (Figure 2). The tidal lagoon channels will be graded to range from approximately -1.5 to 2.0 feet NVD88. Marsh elevations will range up to 8.0 feet. Placement of fill will result in the creation of new upland conditions at the northern cross levee site (the existing southern cross levee will be enhanced). The removal of the existing tide gate (including associated culvert) in the Mad River Slough levee will provide full tidal connectivity between Mad River Slough and the excavated tidal lagoon channel network. Approximately

Figure 1. Project Site and Location Map

1,650 linear feet of the Mad River Slough Levee will be lowered from approximately 9 to 13 feet to approximately 7 feet in elevation (NAVD88).

*Figure 2. Proposed Project Components*

The Project is located approximately 150 feet from mapped occurrences of eelgrass at its closest point. A component of the Project is to create eelgrass habitat, which is anticipated to passively revegetate from natural recruitment of existing eelgrass from within the Mad River Slough. The

Project includes placement of fill within the interior of the parcel to create salt marsh ridges, marsh areas, to fill a remnant anthropomorphic ditch, and to construct levees at the northern and southern parcel boundaries to protect neighboring property owners from tidal inundation. This fill will be sourced from the excavated tidal lagoon channels, and from the lowering of the failing Mad River Slough levee. The existing tidegate will be breached at the end of construction to enable tidal influence within the property.

The submitted Application package is available on the Harbor District's website ([https://humboldtbay.org/sites/humboldtbay.org/files/HD-Permit\\_Application\\_Wadulh\\_FINAL.pdf](https://humboldtbay.org/sites/humboldtbay.org/files/HD-Permit_Application_Wadulh_FINAL.pdf)) and includes: project description, environmental setting, list of permits and other public approvals, 30% design plans, environmental protection measures, wetlands habitat restoration plan, and CDFW's CEQA statutory exemption concurrence letter. The project's environmental protection measures and best management practices to minimize environmental impacts are described in detail in the application materials and include general construction BMPs, water quality protection measures, erosion control, biological resource protection measures, and ongoing management for the protection of the environment.

The Project is planned for implementation in summer 2025 and will be constructed in either one or two seasons; and is anticipated to be either entirely completed by October 15, 2025, or would include completion of all internal earthwork by October 15, 2025 with the Mad River Slough levee lowering and tide gate removal and hydrologic interconnectivity (breaching) to occur by October 15, 2026.

### **Public Comments & Responses**

The Project application was accepted for filing at a Harbor District Board of Directors meeting on August 8, 2024. During this public process, the District received an email from an adjacent property including a letter package with ongoing correspondence between the USFWS and a stakeholder group. The stakeholders had concerns about health and water quality impacts (especially as they pertain to mariculture operations), navigability of Mad River Slough, potential impacts (erosion, traffic, damage, etc) to transportation infrastructure, and potential to increase public access to properties surrounding the project site. The letter package also includes responses by USFWS and associated modifications to the project by USFWS to address stakeholders' concerns by minimizing impacts on businesses, adjacent landowners, and the environment. The letter package was provided to the Board at the August 8 meeting and is available on the District's website ([https://humboldtbay.org/sites/humboldtbay.org/files/Wadulh\\_Lagoon\\_StakeholderComments%20rec%27d%208-8-2024.pdf](https://humboldtbay.org/sites/humboldtbay.org/files/Wadulh_Lagoon_StakeholderComments%20rec%27d%208-8-2024.pdf)).

USFWS conducted both formal and informal stakeholder outreach and notification process to advise the public about the proposed project including meetings with adjacent landowners and tenants (two oyster growing companies). Comments received included both those supporting project implementation and those with concerns about the project. Concerns fell into several categories: (1) concerns about increase in public access; (2) concerns about the condition of Lanphere Road; (3) concerns about specific project elements; (4) concerns about potential changes in Mad River Slough tidal stages, water quality, and sedimentation patterns; and (5) concerns about changes in depth for the navigation channel in Mad River Slough. USFWS modified the 30% plans to address several of the comments regarding public access and location of several project features.

Additionally, in response to public comments the USFWS conducted a Hydrodynamic and Sediment Transport Analysis that was completed in November 2024. The Hydraulic Analysis and associated report documents development and testing of two-dimensional hydrodynamic and sediment transport modeling prepared to evaluate effects of the project on tidal stages, flow velocities, and sedimentation within Mad River Slough. Model findings are that there are “negligible changes to tidal stages, minor reductions in suspended sediment concentrations, and minor change in erosion and deposition.... Changes in erosion and deposition are on the order of magnitude of millimeters and unlikely to be discernable. The Wadulh Lagoon Project Area will trap sediment and performed as designed.”

### **Humboldt Bay Management Plan Considerations**

Conservation Element planning policies identified in the Humboldt Bay Management Plan (HBMP) provide guidance for the District decision making with respect to conservation related projects. The policies focus on habitat protection, species protection, and wetland mitigation. Applicable policies include but are not limited to: CAE-2: Maintain, restore, and enhance aquatic ecosystem integrity; CAS-1: Maintain biological diversity and important habitats throughout Humboldt Bay; CAS-3: Maintain and enhance habitat for sensitive species; and CEP-5: Water Quality protection. The HBMP also supports aquaculture uses and management within the Bay including policy HFA-6: Designate a preferred aquaculture use area in Arcata Bay, and require Best Management Practices to meet environmental constraints.

### **CALIFORNIA ENVIRONMENTAL QUALITY ACT:**

The HCRCD, as lead agency, determined the project meets qualifying criteria for a CEQA statutory exemption for restoration projects set forth in Public Resources Code Section 21080.56 (a) to (d), and CDFW issued Concurrence No. 21080.56-2023-045-R1 for the project on January 1, 2024 (Attachment B). HBHRCD is a CEQA responsible agency for the proposed project and must review and consider the information contained in the statutory exemption.

The Project meets all of the following conditions: (1) the Project is exclusively to conserve, restore, protect, or enhance, and assist in the recovery of California native fish and wildlife, and the habitat upon which they depend; or is exclusively to restore or provide habitat for California native fish and wildlife; (2) the Project may have public benefits incidental to the Project’s fundamental purpose; (3) the Project will result in long-term net benefits to climate resiliency, biodiversity, and sensitive species recovery; and includes procedures and ongoing management for the protection of the environment; and (4) Project construction activities are solely related to habitat restoration.

**HUMBOLDT BAY HARBOR, RECREATION,  
AND CONSERVATION DISTRICT**

---

**RESOLUTION NO. 2024-13**

**A RESOLUTION ESTABLISHING FINDINGS RELATIVE TO AND APPROVING HARBOR DISTRICT  
PERMIT 2024-02 WITH CONDITIONS FOR THE WADULH LAGOON TIDAL WETLAND  
ENHANCEMENT PROJECT**

**WHEREAS**, the Board of Commissioners of the Humboldt Bay Harbor, Recreation, and Conservation District (HBHRCD) is empowered by Appendix II of the Harbors and Navigation Code, and its own ordinances and resolutions, to grant permits, leases, rights, and privileges; and,

**WHEREAS**, no permits, rights, leases, and privileges may be granted without first having considered certain potential impacts and without first having made findings relative to said impacts; and,

**WHEREAS**, the Humboldt County Resource Conservation District (HCRCD) applied to the Humboldt Bay Harbor, Recreation, and Conservation District for the Wadulh Lagoon Tidal Wetland Enhancement Project “Project”; and

**WHEREAS**, consistent with Humboldt Bay Harbor, Recreation, and Conservation District Ordinances and the Harbors and Navigation Code, an application was filed and accepted by the Board on August 8, 2024 and a Notice of Application was published and sent to adjacent property owners and regulatory agencies; and

**WHEREAS**, the HCRCD, as lead agency, determined the project meets qualifying criteria for a CEQA statutory exemption for restoration projects set forth in Public Resources Code Section 21080.56 (a) to (d), and CDFW issued Concurrence No. 21080.56-2023-045-R1 for the project on January 1, 2024; and

**WHEREAS**, HBHRCD, as a responsible agency under the California Environmental Quality Act (CEQA), pursuant to Public Resources Code Section 21080.56 find the Project qualifies for a CEQA Statutory Exemption for Restoration Projects (SERP); and

**WHEREAS**, the Board of Commissioners has been presented with certain evidence relating to the impact of the Wadulh Lagoon Tidal Wetland Enhancement Project upon the air, land, environment, and ecology of the Bay under the jurisdiction of the Humboldt Bay Harbor, Recreation, and Conservation District.

**NOW, THEREFORE, THE BOARD OF COMMISSIONERS OF THE HUMBOLDT BAY  
HARBOR, RECREATION, AND CONSERVATION DISTRICT DOES HEREBY RESOLVE AS FOLLOWS:**

**SECTION 1.** That the above recitals are true and correct and are incorporated herein by this reference.

**SECTION 2.** That the Board of Commissioners of the Humboldt Bay Harbor, Recreation and Conservation District has found, after considering the impact of the proposed use upon the air, water, land, environment, and ecology of the lands under the jurisdiction of the Humboldt Bay Harbor, Recreation, and Conservation District, that:

- a) The proposed uses are necessary to promote public safety, health, comfort, and convenience of the public;
- b) The proposed uses are required by the public convenience and necessity;
- c) The proposed uses will not have any substantial adverse environmental or ecological effect;
- d) The proposed use is consistent with the Humboldt Bay Management Plan including but are not limited to: CAE-2: Maintain, restore, and enhance aquatic ecosystem integrity; CAS-1: Maintain biological diversity and important habitats throughout Humboldt Bay; CAS-3: Maintain and enhance habitat for sensitive species; and CEP-5: Water Quality protection;
- e) The permit, right, or privilege is reasonably required by public convenience to promote growth, and to meet area demands, and does not adversely affect the environment or ecology of the area to any substantial degree; and
- f) The proposed use will not produce an unreasonable burden on the natural resources and aesthetics of the area, on the public health and safety, and air and water quality in the vicinity of Humboldt Bay, or on the parks, recreation and scenic area, historic sites and buildings, or archeological sites in the area.

**SECTION 3.** That the Humboldt Bay Harbor, Recreation and Conservation District Board of Commissioners does hereby issue Permit Wadulh Lagoon Tidal Wetland Enhancement Project (Exhibit A-1) with conditions.

**PASSED AND ADOPTED** by the Humboldt Bay Harbor, Recreation and Conservation District Board of Commissioners at a duly called meeting held on the 12<sup>th</sup> day of December, 2024 by the following polled vote:

## **CERTIFICATE OF SECRETARY**

The undersigned, duly qualified and acting Secretary of the HUMBOLDT BAY HARBOR, RECREATION AND CONSERVATION DISTRICT, does hereby certify that the attached Resolution is a true and correct copy of RESOLUTION NO. **2024-13** entitled,

### **A RESOLUTION ESTABLISHING FINDINGS RELATIVE TO AND APPROVING HARBOR DISTRICT PERMIT 2024-02 WITH CONDITIONS FOR THE WADULH LAGOON TIDAL WETLAND ENHANCEMENT PROJECT**

as regularly adopted at a legally convened meeting of the Board of Commissioners of the HUMBOLDT BAY HARBOR, RECREATION AND CONSERVATION DISTRICT, duly held on the **12<sup>th</sup> day of December, 2024**; and further, that such Resolution has been fully recorded in the Journal of Proceedings in my office, and is in full force and effect.

IN WITNESS WHEREOF, I have hereunto set my hand this 12<sup>th</sup> day of December 2024.

---

**Aaron Newman, Secretary  
Board of Commissioners**

## HUMBOLDT BAY HARBOR, RECREATION AND CONSERVATION DISTRICT

### PERMIT

**Permit No. 2024-02**

**Permittee:**

Humboldt County Resource Conservation District  
 Doreen Hansen  
 5630 South Broadway  
 Eureka, CA 95503  
 (707) 498-1072  
[doreen@hcrcd.org](mailto:doreen@hcrcd.org)

**Agent:**

Kerry McNamee, GHD  
 P.O. Box 1010  
 Eureka, CA 95501  
 (707) 267-2207  
[kerry.mcnamee@ghd.com](mailto:kerry.mcnamee@ghd.com)

The Board of Commissioners of the **Humboldt Bay Harbor, Recreation and Conservation District** hereinafter referred to as "**District**", having considered the Application herein, number 2024-02, filed by the **Humboldt County Resource Conservation District (HCRCRD)**, hereinafter referred to as "**Permittee**", and the **District** as responsible agency, pursuant to the California Environmental Quality Act of 1970, as amended, having made a determination the Wadulh Lagoon Tidal Wetland Enhancement Project qualifies for a CEQA Statutory Exemption for Restoration Projects (SERP) for pursuant to Public Resources Code Section 21080.56. and the Board of Commissioners of the **District** having on December 12, 2024, passed Resolution No. 2024-13 establishing findings relative to the Application by **Permittee** for the Wadulh Lagoon Tidal Wetland Enhancement Project as provided for in this Permit, the **Permittee** is hereby authorized to perform the work as more particularly described in the Application filed with the **District** referred to above.

You are hereby authorized to conduct that activity described in the Permit Application of **Permittee** consisting of:

The Project is intended to restore a diked former agricultural pasture to a combination of estuarine and palustrine wetland habitats, including salt marsh, brackish marsh, mudflat, and subtidal/intertidal eelgrass habitat, while protecting existing forested wetlands to the west. The Project includes a 54.2-acre Project Area within a 78-acre parcel (APN 506-291-014-000) along the upper western portion of the Mad River Slough on Humboldt Bay.

### SUBJECT TO THE FOLLOWING TERMS AND CONDITIONS:

1. If the **Permittee** materially changes the activity plan and scope, it will be necessary to request a permit revision.

2. That all work authorized by this Permit shall further be subject to the approval of the following public agencies as applicable:
  - A. California Coastal Commission
  - B. North Coast Regional Water Quality Control Board
  - C. California Department of Fish and Wildlife
  - D. United States Army Corps of Engineers

and **Permittee** shall fully comply with all regulations and conditions affecting such work as imposed by the above agencies.

3. That this Permit, if not previously revoked or specifically extended, shall cease and be null and void and terminate on **December 12, 2025**. If **Permittee** cannot complete the work within the time granted by this Permit, an application for extension must be filed prior to the Permit termination date. Up to four (4) one year extensions may be granted, for a total permit term of up to five years.
4. Any in-water work requires a Spill Prevention, Control and Countermeasure (SPCC) plan. Spill kits with appropriate contents will be maintained at the project site. Kits shall be equipped with enough material to provide preliminary containment for a volume of material that can reasonably be expected to spill. Booms will be available to contain spilled materials.
5. All construction debris shall be removed from the site and disposed of only at an authorized disposal site. Sidecasting of such material or placement of any such material within Humboldt Bay or any wetland area is prohibited.
6. If archeological or cultural features or materials are unearthed during any phase of project activity, all work in the immediate vicinity of the find shall halt until the **Permittee** has contacted the Wiyot Tribe's Cultural Department, and the significance of the resource has been evaluated, to the satisfaction of the Wiyot Tribe. Any mitigation measures that may be deemed necessary will be provided to the Wiyot Cultural Director for review and input to ensure they are consistent with the standards for cultural resource mitigation particularly in cooperation with Native American tribal representatives and the California State Native American Heritage Commission. Mitigation measures shall be implemented by a qualified archeologist representing the **Permittee** prior to resumption of construction activities. If human remains are exposed by project related activity, the **Permittee** shall comply with California State Health and Safety Code, §7050.5, which states that no further disturbance shall occur until the County Coroner has made the necessary findings as to the origin and disposition pursuant to California Public Resources Code, §5097.98.

7. That there shall be no unreasonable interference with navigation by the work herein authorized.
8. That no attempt shall be made by the **Permittee** to interfere or forbid the full and free use by the public of all navigable waters at or adjacent to the work.
9. That the **District**, its Commissioners, or any officer or employee of the **District** shall in no case be liable for any damages or injury of the work herein authorized which may be caused by or result from future operations undertaken by the **District** for the conservation or improvement of navigation, or for other purposes, and no claim or right to compensation shall accrue from any such damage.
10. That neither the **District**, nor its Board of Commissioners, nor any officer of the **District** shall be liable to any extent for any such injury or damage to any person or property or for the death of any person arising out of or connected with the work authorized by this Permit.
11. That the Board of Commissioners of the **District** may revoke this Permit at any time upon a finding by the **District** of a violation by the **Permittee** of any condition of this Permit.
12. That the **Permittee** shall comply with any regulations, condition, or instructions affecting the work hereby authorized if and when issued by the Federal Water Pollution Control Administration and/or the State of California Water Resources Control Agency having jurisdiction to abate or prevent water pollution. Such regulations, conditions, or instruction in effect or prescribed by Federal or State Agencies are hereby made a condition of this Permit.
13. That this Permit is valid as of December 12, 2024 and is made subject to the **Permittee** approving and agreeing to the conditions above set forth and executing said approval as hereinafter provided.

EXECUTED on this 12<sup>th</sup> day of December 2024, by authority of the Board of Commissioners of the **Humboldt Bay Harbor, Recreation and Conservation District**.

---

**GREG DALE, Chair**  
**Board of Commissioners**  
**Humboldt Bay Harbor, Recreation and**  
**Conservation District**

The HCRCD, **Permittee**, in the above Permit, hereby accepts and agrees to all of the conditions hereinabove set forth. **Permittee** shall indemnify and hold harmless the **District**, its Board of Commissioners, officers and employees from any and all claims of any nature arising from the performance of and work of improvement contained in the Application for injury, death or damage to any person or property.

The HCRCD, **Permittee**, in the above Permit, agrees to indemnify and hold harmless **District**, its Board of Commissioners, officers and employees from and against any and all liability, loss or damage **District** may suffer from claims and demands from attorneys' fees; costs of suit and costs of administrative records made against **District** by any and all third parties as a result of third party environmental actions against **District** arising out of the subject matter of this Permit including, but not limited to, attorneys' fees, costs of suit and costs of administrative records pursuant to the California Code of Civil Procedure §1021.5 or any other applicable local, state or federal laws, whether such attorney's fees, costs of suit and costs of administrative records are direct or indirect, or incurred in the compromise, attempted compromise, trial, appeal or arbitration of claims for attorneys' fees, costs of suit and costs of administrative records in connection with the subject matter of this Permit.

**CALIFORNIA ENVIRONMENTAL QUALITY ACT STATUTORY EXEMPTION FOR  
RESTORATION PROJECTS  
CONCURRENCE NO. 21080.56-2023-045-R1**

---

**Project:** Wadulh Lagoon Tidal Wetland Enhancement Project  
**Location:** Humboldt County  
**Lead Agency:** Humboldt County Resource Conservation District  
**Lead Agency Contact:** Doreen Hansen; [doreen@hrcd.org](mailto:doreen@hrcd.org)

### **Background**

**Project Location:** The Wadulh Lagoon Tidal Wetland Enhancement Project (Project) is located within a 78-acre parcel along the upper western portion of and adjacent to the Mad River Slough on Humboldt Bay; approximately 1.25 miles west of the City of Arcata, in Humboldt County, California. Approximate coordinates are 40.891815, -124.139325.

**Project Description:** The United States Fish and Wildlife Service (USFWS) proposes to conserve, restore, protect, or enhance, and assist in the recovery of California native fish and wildlife, and the habitat upon which they depend and restore or provide habitat for California native fish and wildlife. The Project is designed to benefit native fish, wildlife, and plant species by restoring tidal process and ecosystem function to a diked agricultural pasture. The Project includes 1) breaching and lowering approximately 2,000 linear feet of the Mad River Slough Levee, 2) excavating and grading 3.5 acres of low-lying areas of the pasture to elevations that will support eelgrass (*Zostera marina*), 3) excavating a tidal channel network, 4) placing approximately 27,000 cubic yards of native fill to raise low-lying areas to elevations that will support salt marsh, 5) constructing two cross levees, and 6) removal of invasive plant species. The completed project will restore and protect 62.1 acres of intertidal salt marsh, brackish marsh, freshwater emergent wetlands, and fringe wetlands. The Project provides an opportunity to restore a natural shoreline with a transition from slough to salt marsh to freshwater riparian wetlands.

**Tribal Engagement:** Wadulh is the word for dunes in the Wiyot language, and the name Wadulh Lagoon was selected in recognition of the Wiyot Tribe's significant cultural connection to the Project area. The USFWS has engaged with the Wiyot Tribe and other tribes in the region (i.e., Table Bluff, Bear River Band of the Rohnerville Rancheria, Blue Lake Rancheria, and Cher-Ae Heights Indian Community of the Trinidad Rancheria) since 2021. In early 2023, the USFWS held an in-person meeting with tribal representatives to provide updates and receive input on designs, funding, upcoming cultural surveys, and restoration elements. The Wiyot Tribe will be an active participant in concept, design, and final

interpretive signage around the restoration site and will use the site to educate its members and provide eco-cultural interpretation.

Interested Party Coordination: The Project has been in development for nearly a decade, and the USFWS, as landowner of the Project area, is the partnering federal agency on the Project. Prior to the transfer of the Project parcel to USFWS, in August 2015, Caltrans, the previous landowner, held conceptual design coordination meetings with neighbors, stakeholders, and agencies to present and choose a restoration option to use the site for Caltrans' mitigation needs. Since the transfer of ownership of the property, the Project designs have continued to be refined. The Project is supported by California Senator Mike McGuire, Assemblymember Jim Wood, and Humboldt County Supervisor Mike Wilson. The Project is also supported by local non-profit organizations Friends of the Dunes and Redwood Region Audubon Society.

Anticipated Project Implementation Timeframes:

Start date: June 1, 2024

Completion date: December 30, 2026

Lead Agency Request for CDFW Concurrence: On December 4, 2023, the Director of the California Department of Fish and Wildlife (CDFW Director) received a concurrence request from the Humboldt County Resource Conservation District (Lead Agency) pursuant to Public Resources Code section 21080.56, subdivision (e) (Request). The Request seeks the CDFW Director's concurrence with the Lead Agency's determination on December 1, 2023, that the Project meets certain qualifying criteria set forth in subdivisions (a) to (d), inclusive, of the same section of the Public Resources Code (Lead Agency Determination). The CDFW Director's concurrence is required for the Lead Agency to approve the Project relying on this section of the California Environmental Quality Act (CEQA) (Pub. Resources Code, § 21000 et seq.).

### **Concurrence Determination**

The CDFW Director concurs with the Lead Agency Determination that the Project meets the qualifying criteria set forth in Public Resources Code section 21080.56, subdivisions (a) to (d), inclusive (Concurrence).

Specifically, the CDFW Director concurs with the Lead Agency that the Project meets all of the following conditions: (1) the Project is exclusively to conserve, restore, protect, or enhance, and assist in the recovery of California native fish and wildlife, and the habitat upon which they depend; or is exclusively to restore or provide habitat for California native fish and wildlife; (2) the Project may have public benefits incidental to the Project's fundamental purpose; (3) the Project will result in long-term net benefits to climate resiliency, biodiversity, and sensitive species recovery; and includes procedures and ongoing management for the protection of the environment; and (4) Project construction activities are solely related to habitat restoration. Pursuant to Public Resources Code section 21080.56, subdivision (g), CDFW will post this Concurrence on its CEQA Notices and Documents internet page:

<https://wildlife.ca.gov/Notices/CEQA>.

This Concurrence is based on best available science and supported, as described below, by substantial evidence in CDFW's administrative record of proceedings for the Project.

This Concurrence is also based on a finding that the Project is consistent with and that its implementation will further CDFW's mandate as California's Trustee Agency for fish and wildlife, including the responsibility to hold and manage these resources in trust for all the people of California.

## **Discussion**

- A. Pursuant to Public Resources Code section 21080.56, subdivision (a), the CDFW Director concurs with the Lead Agency that the Project will exclusively conserve, restore, protect, or enhance, and assist in the recovery of California native fish and wildlife, and the habitat upon which they depend; or restore or provide habitat for California native fish and wildlife.

The purpose of the Project is to restore 62.1 acres of a diked agricultural pasture to a combination of estuarine and palustrine wetland habitats, including salt marsh, brackish marsh, mudflat, subtidal/intertidal eelgrass habitat, while enhancing and protecting existing forested wetlands. This will be achieved by reconnecting and restoring the Project area to the larger Humboldt Bay tidal system where native species will benefit and thrive from the complex habitat creation.

- B. Pursuant to Public Resources Code section 21080.56, subdivision (b), the CDFW Director concurs with the Lead Agency that the Project may have incidental public benefits, such as public access and recreation.

The creation of off-channel habitat in the Project area will provide critical salmonid rearing and refugia habitat that will contribute to the recovery of the area's commercial and recreational fisheries. Multiple tidal and riverine restoration projects have demonstrated the utilization of created or enhanced habitats through post-construction fish surveys to measure project effectiveness. Additionally, the Project will improve public access. The Wadulh Lagoon Project area will be available to the public as part of the current permit and guided tour access options. Additionally, the Wiyot Tribe will use the site to educate its tribal members and provide eco-cultural interpretation.

- C. Pursuant to Public Resources Code section 21080.56, subdivision (c), the CDFW Director concurs with the Lead Agency that the Project will result in long-term net benefits to climate resiliency, biodiversity, and sensitive species recovery, and includes procedures and ongoing management for the protection of the environment.

Long-term Net Benefits to Climate Resiliency: The Project will build resilience for coastal communities and endangered species regarding future sea level rise by utilizing a nature-based approach. When the Project is completed, there will be several mechanisms that will capture suspended sediment within the Project area. Tidal currents in the tidal lagoons will have low velocity and the water will be sufficiently

deep to produce conditions that promote settling of sediment carried by tidal flooding. At higher tides, flood tide flows will overtop the lowered levees, the salt marsh ridges, and fringing salt marsh. Salt marsh vegetation is effective at trapping suspended sediment when overtopping occurs. Ebb flows will circulate through the network of channels within the lagoons providing more opportunity to trap sediment. There is evidence that suggests that there is sufficient sediment to maintain salt marshes within the Project area under projected local rates of sea level rise until 2100. Project design elements are intended to trap suspended sediment brought in by tides which may allow marshes to keep pace with sea level rise for a longer time. To allow for ecological development, barriers to upslope migration of salt marsh will be removed. Thus, the Project is designed around process-based restoration where individual features will likely evolve due to the dynamic nature of a tidal setting. The Project is expected to persist and provide value for at least 50 years given sea level rise.

Long-term Net Benefits to Biodiversity: The Project will result in long-term net benefits for coastal wetlands and associated dependent species, including restoration and protection of 62.1 acres of intertidal salt, brackish marsh, freshwater emergent wetlands, and fringe wetlands. It will restore diked and drained salt marsh and intertidal areas, reestablish a natural transition from uplands to shoreline and the slough, and provide nursery and significant off-channel habitat for federally and state-listed fish species and habitat for shorebirds and raptors. Creation of aquatic habitat will also promote eelgrass beds in the northern Humboldt Bay and Mad River Slough, which in turn are known to support among the highest diversity and abundance of shorebirds in the western hemisphere as well as significant rearing and refugia habitat for fish and invertebrate species.

The loss of salt marsh habitat within Humboldt Bay is an important factor contributing to the decline of numerous plant and wildlife species, including Lyngbye's sedge (*Carex lyngbyei*), bald eagle (*Haliaeetus leucocephalus*), American peregrine falcon (*Falco peregrinus anatum*), American kestrel (*F. sparverius*), merlin (*F. columbarius*), sharp-shinned hawk (*Accipiter striatus*), Cooper's hawk (*Accipiter cooperii*), and northern red-legged frog (*Rana aurora*). The Project will play an important role in the recovery of these wildlife species. The Project is located adjacent to the Lanphere Dunes Unit of Humboldt Bay National Wildlife Refuge, which is the only place on the Bay where the transition from slough to salt marsh to freshwater wetlands to upland (dunes) is preserved. The Project is an opportunity to restore a natural shoreline with a transition from slough to salt marsh to freshwater riparian wetlands. The Project's salt marshes will support a broad array of shorebirds and raptors including osprey (*Pandion haliaetus*), white-tailed kite (*Elanus leucurus*), red-tailed hawk (*Buteo jamaicensis*), and northern harrier (*Circus hudsonius*). Fringing brackish marsh areas will be used by northern red-legged frogs. The Project will also enhance and protect existing riparian habitat. This habitat has been monitored for bird use for the past 30 years by the Humboldt Bay Bird Observatory and is used by a variety of neotropical migrants and other songbirds.

Long-term Net Benefits to Sensitive Species Recovery: Diking and draining of salt marshes has contributed to the substantial population declines of local salmonid

species, including Coho Salmon (*Oncorhynchus kisutch*), Chinook Salmon (*O. tshawytscha*), and steelhead trout (*O. mykiss*), as well as Tidewater Goby (*Eucyclogobius newberryi*). Restoration of tidal channels, eelgrass beds, and salt marsh will restore and provide critical fish refugia and nursery habitat that result in long-term net benefit to these sensitive species. Juvenile salmonids utilize the estuary, especially areas with eelgrass, as nursery areas for extended periods before entering the ocean. Estuaries provide habitat where juvenile fishes obtain the size needed to increase their chances of survival at sea. Similarly, studies of other northern California estuaries and lagoons show that steelhead trout and Coastal Cutthroat Trout (*O. clarkii clarkii*) use these habitats year-round. Created habitat will also benefit Tidewater Goby which prefer salt marshes that border freshwater wetlands for both spawning and rearing.

Procedures for the Protection of the Environment: The following procedures and best management practices will be followed to minimize impacts to the environment.

#### General Construction

- Work will occur during the dry season – July 15<sup>th</sup> to October 15<sup>th</sup>.
- Staging areas, equipment storage sites, roadway, and construction footprint will be selectively placed and directed onto the roadway or construction site and away from aquatic habitats.
- All machinery must be in good working condition, showing no signs of fuel or oil leaks. Oil, grease, or other fluids will be washed off at designated wash stations prior to equipment entering the construction site.
- All fuel and chemical storage, servicing, and refueling will be done in an upland staging area or other suitable location with secondary containment to prevent spills from traveling to surface water.
- Staging areas will have a stabilized entrance and exit and will be located in upland areas to the extent possible and at least 100 feet from bodies of water unless site-specific circumstances do not provide such a setback or would result in further damage to sensitive resources, in which case the maximum setback possible will be used.

#### Water Quality

- Silt curtains may be installed as required to prevent the delivery of turbid water to open water areas connected to the Project area.
- Construction equipment shall not be stored in inundation areas or sloughs.
- The contractor(s) will ensure that any liquid fuel pumps used on-site (for dewatering, etc.) shall be placed on absorbent pads and containment implements. The contractor(s) shall have spill containment materials located at the site, with operators trained in spill control procedures. All staging shall be within the limits of disturbance, and the contractor(s) shall not unnecessarily disturb aquatic habitat and wetlands. At the close of construction, the contractor(s) shall restore staging areas and temporary haul roads to pre-project conditions (de-compacted and naturalized as needed).

- During excavation, management of groundwater and saturated soils may be required. Water management may be required to reduce nuisance water within the active work area. Dewatering may be required to remove groundwater seepage in excavation areas. Water shall be treated for sediment removal and discharged onto areas that are not susceptible to damage from saline water.

#### Erosion Control

- Installation of temporary fiber rolls, as needed.
- Silt fence installed around proposed construction staging area.
- Seed mix applied to all disturbed areas above elevation 7.5 ft.
- Sufficient erosion control supplies will always be maintained on site, available for prompt use in areas susceptible to erosion during rain events.
- Disturbance of existing vegetation will be minimized to only that which is necessary to complete the work.

#### Invasive Species

- The spread or introduction of invasive exotic plant species by arriving vehicles, equipment, imported gravel, and other materials, will be avoided to the maximum extent possible. When practicable, invasive exotic plants in the Project area will be removed and properly disposed of in a manner that will not promote their spread. Equipment will be cleaned of any sediment or vegetation at designated wash stations before entering or leaving the Project area to avoid spreading pathogens or exotic/invasive species.

#### Biological

- A Qualified Biologist will relocate/protect aquatic species.
- Nesting Bird surveys will be performed by a Qualified Biologist to avoid impacts on native nesting birds during the breeding season. Restoration activities will be preceded by a nesting bird survey to identify any active nests. If nests are found, the biologist will create appropriately sized buffer areas around the active nest. Active nests will be avoided until they become inactive.

#### Ongoing Management for the Protection of the Environment: The following post construction monitoring and management will occur across the Project area.

- Monitoring and management of planted riparian vegetation.
- Invasive species control will continue for the life of the project.
- Annual fish monitoring for presence and species richness for three years.
- Water quality parameters will be collected during fish surveys.
- Avian surveys will continue.
- General observational project oversite will occur multiple times a year to guide any required adaptive management.

D. Pursuant to Public Resources Code section 21080.56, subdivision (d), the CDFW Director concurs with the Lead Agency that the Project does not include any construction activities, except those solely related to habitat restoration.

All Project construction activities are solely related to the overall goal of the Project to restore and manage wetland habitat.

### **Scope and Reservation of Concurrence**

This Concurrence is based on the proposed Project as described by the Lead Agency Determination and the Request. If there are any subsequent changes to the Project that affect or otherwise change the Lead Agency Determination, the Lead Agency, or any other public agency that proposes to carry out or approve the Project, shall submit a new lead agency determination and request for concurrence from CDFW pursuant to Public Resources Code section 21080.56. If any other public agency proposes to carry out or approve the Project subsequent to the effective date of this Concurrence, this Concurrence shall remain in effect and no separate concurrence from CDFW shall be required so long as the other public agency is carrying out or approving the Project as described by the Lead Agency Determination and the Request.

### **Other Legal Obligations**

The Project shall remain subject to all other applicable federal, state, and local laws and regulations, and this Concurrence shall not weaken or violate any applicable environmental or public health standards. (Pub. Resources Code, § 21080.56, subd. (f).)

**STAFF REPORT  
HARBOR DISTRICT MEETING  
December 12, 2024**

**TO:** Honorable Board President and Harbor District Board Members

**FROM:** Rob Holmlund, Development Director

**DATE:** December 5, 2024

**TITLE:** Consider Adopting a Tri-party Memorandum of Understanding with the California State Lands Commission and the Port of Long Beach to Coordinate and Collaborate Regarding Floating Offshore Wind Turbine Staging and Integration Port Facilities to Enable the Development of Floating Offshore Wind in California

**STAFF RECOMMENDATION:** Staff Recommends the Board adopt a Memorandum of Understanding with the State Lands Commission and the Port of Long Beach.

**SUMMARY:** Staff from the Port of Humboldt (District) and the Port of Long Beach (POLB) collaborated on a tri-party Memorandum of Understanding (MOU) beginning in early 2024. Later in the year, both parties invited the California State Lands Commission (SLC) to join the MOU. Following multiple edits from each party, the final version is ready for Board consideration.

**DISCUSSION:** The State of California has established ambitious goals to de-carbonize the State's energy production systems. Offshore wind is a major component of those goals. Four reports from various Federal/State agencies independently identify the ports of Humboldt and Long Beach as critical to the development of offshore wind. The two ports are each in the process of developing very similar "Staging & Integration" terminal projects to support the offshore wind industries. Subsequently, each of the two ports are experiencing similar needs, challenges, and opportunities. Staff from each of the two ports is proposing an MOU to commit to providing mutual support and cooperation in our collective efforts to address climate change through the development of our equivalent projects. Staff also invited the SLC to join the MOU to display the State's acknowledgement of the importance of our two projects and to highlight the State's support.

The responsible, equitable and sustainable development of offshore wind energy in California will be a meaningful means of addressing climate change, improving public health, increasing energy independence, advancing energy equity, and supporting a clean energy economy.

Under Assembly Bill 525 the legislature found "...if developed and deployed at scale, the development of offshore wind energy can":

- "...provide economic and environmental benefits to the state and the nation..."
- "...provide clean air benefits to inland communities that experience increased impacts from poor air quality..."
- "...offer career pathways and workforce training in clean energy development..."
- And "...attract investment capital and realize community economic development and workforce development benefits in California, including the development and preservation of a skilled and trained construction workforce to carry out projects, long-term job creation, and development of an offshore wind energy supply chain."

The State's AB525 Port Readiness Plan developed for the AB525 Strategic Plan established Staging and Integration sites (S&I Sites) for the assembly of floating offshore wind turbines as the most critical port infrastructure needed to enable the development of offshore wind in California. The Plan also concluded that the Ports of Humboldt Bay and Long Beach are uniquely suited to provide the necessary S&I Sites to assist California in meeting its offshore wind energy goal of 25 gigawatts by 2045.

The development of S&I Sites will be critical in attracting investment capital to establish a robust and sustainable domestic offshore wind supply chain throughout California and the West Coast, including manufacturing and operations and maintenance facilities, and unlocking new jobs and wider economic benefits to the State and the West Coast.

The MOU acknowledges:

- The importance of renewable energy and the need to transition our energy systems;
- The fact that no single port site in California can serve all the needs of the floating offshore wind industry;
- That S&I sites must be prioritized as they are an essential foundation to the implementation of a coordinated multiport strategy to floating offshore wind development;
- Independently corroboration from several studies describing how the Port of Long Beach and the Port of Humboldt Bay are uniquely suited to provide the necessary S&I sites to assist the State in meeting its offshore wind energy production planning goals;
- That S&I sites at the two ports will have a positive impact on the competitiveness, cost-effectiveness, and success of California's offshore wind energy development;
- The importance of transparency and public engagement in environmental protection efforts;
- The extensive outreach and engagement regarding the respective projects;
- The historical crisis of Missing and Murdered Indigenous People (MMIP) and efforts to ensure that offshore wind terminal projects do not contribute to the crisis;
- On-going commitments to reduce impacts to air quality;
- That marginalized, disadvantaged, and underserved communities, which are predominantly low-income, residents of color, and Indigenous communities, have experienced disproportionate impacts such as air pollution related to industrial facilities.

The MOU commits the District, the SLC, and the POLB to each:

- Support the responsible, equitable, and sustainable development of offshore wind energy in California through mutual collaboration, communication, and coordination with the other parties;
- Confer, cooperate, and exchange information;
- Collaborate on the planning and development of green port infrastructure and sustainable energy solutions;
- Coordinate and collaborate regarding Tribal consultation, community engagement, and environmental justice considerations;
- Share information related to existing and potential funding and financing strategies;
- Supporting the ongoing evolution of offshore wind energy production;
- Coordinate on joint advocacy to attract and train a skilled and diverse workforce;
- Explore opportunities to integrate climate ready strategies into planning and design;
- Data and Knowledge Sharing: Share knowledge and exchange data and information on subjects of shared interests to improve port businesses and the environment for the benefit of the surrounding communities and ecosystems at both ports.

The MOU has a five-year term from the date of adoption by all three parties. Both of the other parties plan to bring the MOU before their respective Boards later this month.

**ATTACHMENTS:**

- A. Memorandum of Understanding with the California State Lands Commission and the Port of Long Beach to Coordinate and Collaborate Regarding Floating Offshore Wind Turbine Staging and Integration Port Facilities to Enable the Development of Floating Offshore Wind in California

Port of  
**LONG BEACH**  
THE GREEN PORT

**MEMORANDUM OF UNDERSTANDING  
BY AND AMONG THE  
CALIFORNIA STATE LANDS COMMISSION,  
PORT OF LONG BEACH, AND  
HUMBOLDT BAY HARBOR, RECREATION, AND CONSERVATION DISTRICT  
ON A CALIFORNIA FLOATING OFFSHORE WIND  
STAGING AND INTEGRATION PARTNERSHIP**

The California State Lands Commission, the City of Long Beach, a municipal corporation, acting by and through its Board of Harbor Commissioners ("Port of Long Beach"), and Humboldt Bay Harbor, Recreation, and Conservation District ("Port of Humboldt Bay"), each herein sometimes referred to individually as a "Party" and, collectively, as the "Parties" enter into this **Memorandum of Understanding ("MOU")** on this \_\_\_\_\_ day of \_\_\_\_\_ ("Commencement Date") to coordinate and collaborate regarding floating offshore wind turbine staging and integration port facilities to enable the development of floating offshore wind in California.

**RECITALS:**

**WHEREAS**, offshore wind is a renewable energy resource that can help transition the State of California (State) to a clean energy economy and reduce the emission of greenhouse gases and other harmful air pollutants;

**WHEREAS**, under Assembly Bill 525 (AB 525) the Legislature found that developing and deploying offshore wind energy at scale can provide economic and environmental benefits to the State and the nation by helping California meet its renewable energy and climate goals; contribute to a reliable and affordable energy portfolio to serve California's electricity needs; improve air quality, particularly in disadvantaged and underserved communities; and create job opportunities, including a skilled long-term construction workforce;

**WHEREAS**, the AB 525 Offshore Wind Energy Strategic Plan (AB 525 Strategic Plan), adopted by the California Energy Commission on July 10, 2024, and the AB 525 Port Readiness Plan identified staging and integration (S&I) sites for the assembly of floating offshore wind turbines as the most critical port infrastructure required to enable the development of offshore wind in California;

**WHEREAS**, no single port site in California can serve all the needs of the floating offshore wind industry, and the development of S&I sites must be prioritized as they

are an essential foundation to the implementation of a coordinated multiport strategy to floating offshore wind development;

**WHEREAS**, the California State Lands Commission provides the people of California with effective stewardship of the lands, waterways, and resources entrusted to its care based on the principles of equity, sustainability, and resiliency, through preservation, restoration, enhancement, responsible economic development, and the promotion of public access, as well as overseeing the management of sovereign public trust lands and resources granted in trust by the Legislature, including many of the major ports and harbor districts that manage tide and submerged lands on behalf of the state;

**WHEREAS**, the Commission views collaboration and successful partnerships with ports and harbor districts as foundational to equitably serving the people of California and achieving the state's strategic goals;

**WHEREAS**, the Port of Long Beach is a trustee of the sovereign tide and submerged lands located in the Long Beach Harbor District; an international gateway for the reliable, efficient, and sustainable movement of goods for the benefit of the local and global economies; a leader in sustainable port development and operations, establishing landmark environmental policies, including the 2005 Green Port Policy, the Clean Air Action Plan, and the Zero Emission, Energy Resilient Operations Policy; and has developed a plan for a new 400-acre purpose-built S&I and floating foundation assembly facility named Pier Wind;

**WHEREAS**, the Port of Humboldt Bay is a trustee of the sovereign tide and submerged lands located in and adjacent to Wigi (also known as Humboldt Bay), including all rivers, sloughs and estuaries, and tide and submerged lands in the bay; is a recipient of several state grants to develop a new 180-acre offshore wind S&I heavy lift terminal; and has adopted Resolution No. 2024-01 committing the Port of Humboldt Bay to developing and adopting a green terminal strategy and roadmap for the Heavy Lift Terminal;

**WHEREAS**, the AB 525 Strategic Plan and the Port Readiness Plan describe how the Port of Long Beach and Port of Humboldt Bay are uniquely suited to provide the necessary S&I sites to assist the State in meeting its offshore wind energy production goal of 25 gigawatts by 2045;

**WHEREAS**, studies by the Bureau of Ocean Energy Management and the National Renewable Energy Laboratory independently corroborate the findings of AB 525 and associated plans in describing how the Port of Long Beach and the Port of Humboldt Bay are uniquely suited to provide the necessary S&I sites to assist the State in meeting its offshore wind energy production planning goal of 25 gigawatts by 2045 and the immediate needs of the lessees that secured five sites in the PACW-1 lease sale auction;

**WHEREAS**, the Parties agree the responsible development of S&I sites at the Port of Long Beach and Port of Humboldt Bay will have a positive impact on the competitiveness, cost-effectiveness, and success of California's offshore wind energy development, and will be critical in attracting investment capital to establish

a robust and sustainable domestic offshore wind supply chain throughout California and the West Coast, including manufacturing, floating foundation assembly and operations and maintenance facilities, which will unlock new jobs and wider economic benefits for the State and the West Coast;

**WHEREAS**, offshore wind energy development off of California's coast is poised to create significant opportunities to advance electrification and zero emissions projects at the Port of Long Beach and Port of Humboldt Bay to meet the broader climate goals of decarbonization and electrification;

**WHEREAS**, the California Energy Commission has funding programs for supporting the preparation of ports for offshore wind development. The Port of Humboldt Bay is a current recipient of funds through the California Energy Commission (CEC) to support development of their S&I terminal. The CEC is administering a \$42.75 million grant funding opportunity to fund projects that plan for the development and operation of floating offshore wind projects. The CEC is directed in Proposition 4, the Safe Drinking Water, Wildfire Prevention, Drought Preparedness, and Clean Air Bond Act of 2024, to administer a \$475 million funding program for offshore wind activities at ports and harbors.

**WHEREAS**, the CEC is implementing Assembly Bill 3, which establishes the California Offshore Wind Advancement Act and requires the CEC to prepare a second-phase plan and strategy that builds from the AB 525 Strategic Plan for seaport readiness and a study on the feasibility of achieving 50 percent and 65 percent in-state assembly and manufacturing of offshore wind energy projects.

**WHEREAS**, coordinated, comprehensive, efficient, and expeditious permitting and authorization processes for developing S&I sites, founded on robust and meaningful public outreach and engagement and coupled with stringent environmental stewardship to address potential adverse impacts on marine and coastal ecosystems, tribal cultural resources, and disadvantaged and underserved communities are critical to developing the necessary port infrastructure to meet the State's offshore wind energy goals;

**WHEREAS** the Parties recognize that with the emergence of zero emission strategies, the electrification of ships, and increased electrified traffic onshore (e.g., drayage) and in shipping, ports may require significant clean power, necessitating landside, electrical service, distribution grid, or transmission upgrades at California ports;

**WHEREAS**, the Parties recognize the importance of transparency and public engagement in environmental protection efforts and will ensure that all permitting and authorization processes include opportunities for meaningful, early, and consistent public input so that decision-makers understand the important perspectives, priorities, and values of those communities most affected; and

**WHEREAS**, the Port of Humboldt and Port of Long Beach have separately conducted, and continue to promote, extensive outreach and engagement regarding their respective projects, and have been coordinating on various offshore wind related issues with State Lands Commission and other state and federal

agencies, and the Parties recognize these efforts would be enhanced as they advance their projects through a strong partnership, close collaboration, and a whole of government approach;

**WHEREAS**, the Newsom Administration has prioritized equity in decisions regarding infrastructure investments and, through the publication of the [Equity Foundation Checklist](#), has identified actions to work toward this goal of ensuring all communities are clean, green, and safe;

**WHEREAS**, the Parties recognize and acknowledge there has been historical crisis of Missing and Murdered Indigenous People (MMIP), that development projects on or near Tribal communities have led to increased incidents of MMIP, and the importance of working with local Tribes to elevate awareness, prevention, and response, such as: the Port of Humboldt Bay's Resolution [2024-04](#) directing staff and developers and contractors to take specific action to help prevent MMIP, violent crime, drug abuse, and sex trafficking; the State's Budget Act of 2022 establishing the MMIP Grant Program to support efforts to identify, collect case-level data, publicize, and investigate and solve cases;

**WHEREAS**, Governor Newsom issued a [Statement of Administration Policy on Native American Ancestral Lands](#) to encourage State entities to seek opportunities to support California tribes' co-management of and access to natural lands that are within a California tribe's ancestral land and under the ownership or control of the State of California, and to work cooperatively with California tribes that are interested in acquiring natural lands in excess of State needs;

**WHEREAS**, the Parties recognize that marginalized, disadvantaged, and underserved communities, which are predominantly low-income, residents of color, and Indigenous communities, have experienced disproportionate impacts such as air pollution related to industrial facilities, including oil and gas operations, power plants, refineries, and port operations, and offshore wind offers unique opportunities to prioritize infrastructure projects that have co-benefits to communities while avoiding and minimizing contributions to existing impacts;

**NOW THEREFORE:**

**SECTION I  
PURPOSE**

This MOU is to confirm the intent of the Parties, through mutual collaboration, communication, and coordination, to support the responsible, equitable and sustainable development of offshore wind energy in California to advance our climate goals, improve public health, increase energy independence, advance energy equity, and support a clean energy economy.

## **SECTION II** **AREAS OF COOPERATION**

The Parties will confer, cooperate, and exchange information, to the extent that each Party in their sole discretion deems appropriate and consistent with the AB 525 Strategic Plan, on subjects including, but not limited to:

**2.1 S&I Site Planning and Permitting:**

- i. Pursuing a coordinated, efficient, and expeditious multi-agency permitting and decision-making approach for each S&I port terminal at the Port of Long Beach and Port of Humboldt Bay.
- ii. Developing a site specific permitting strategy and roadmap for each Party's S&I port terminal, consistent with the AB 525 Strategic Plan frameworks, goals and objectives, that: clearly sets forth the various permitting activities associated with the specific S&I port terminal development to be integrated; identifies the associated State permitting agencies and their roles, responsibilities, and jurisdictions; and establishes shared timelines, anticipated processing times for review, communication protocols, and coordination and dispute resolution processes in order to facilitate expeditious review processes to meet the State's offshore wind energy production planning goals in a timely manner.
- iii. Designating one or more points of contact among the Parties to coordinate implementation of this MOU. The points of contact will (1) assist with identifying knowledgeable and experienced staff with decision-making authority and responsibility, (2) be knowledgeable of which decisions need to be made at what level and when within each Party's organization, and (3) assist in ensuring that responsibilities and timelines are satisfied.
- iv. Participating in initial and regular meetings at a frequency to be determined by the Parties with key regulatory agency staff and subject matter experts.

**2.2 Green Port Strategies:** Collaborating on the planning and development of green port infrastructure, sharing experiences and lessons learned, and providing suggestions and considerations on each other's policies, programs, and CARB regulations. This collaboration encourages businesses and organizations operating in the Port of Long Beach and Port of Humboldt Bay to strengthen their efforts in promoting research, development, and deployment of green port maritime technologies, as well as facilitating exchanges and further collaboration related to other relevant green technologies and green infrastructure development.

**2.3 Clean Energy Infrastructure:** Collaborating on sustainable energy solutions such as grid and electrical service upgrades, microgrids, hydrogen fuel options, and energy storage to support the ports' operations and resilience,

promoting affordable, reliable renewable energy in surrounding communities, enhancing their capacity to handle future energy demands in line with emerging technologies and regulatory frameworks.

- 2.4 **California Native American Tribes and Meaningful Consultation:** Coordinating and collaborating on early, frequent, and meaningful government-to-government consultation to identify and maximize tribal community benefits consistent with applicable federal, state, and local laws, including but not limited to the public trust doctrine.
- 2.5 **Meaningful Community Engagement:** Coordinating and collaborating early and frequently to meaningfully engage community members and other interests to maximize community benefits consistent with applicable federal, state, and local laws, including but not limited to the public trust doctrine.
- 2.6 **Environmental Justice:** Coordinating and collaborating early and frequently on local community benefits programs, clean energy infrastructure, and promoting an inclusive decision-making process that integrates environmental justice considerations into the planning, permitting, and operation of the S&I sites consistent with applicable federal, state, and local laws, including but not limited to the public trust doctrine.
- 2.7 **S&I Funding and Financing:** Collaborating and sharing information related to existing and potential funding and financing strategies for the development of S&I sites in California, and jointly advocating for the investment of significant federal funding in S&I sites at the Port of Long Beach and Port of Humboldt Bay.
- 2.8 **Assembly Bill 525 Offshore Wind Energy Strategic Plan:** Supporting the ongoing evolution and implementation of the comprehensive Strategic Plan for offshore wind energy production in California that aligns the delivery of S&I sites with the broader offshore wind market formation activities, such as transmission, power purchasing, workforce development, wind turbine manufacturing, floating foundation design and manufacturing, vessel manufacturing and other supply chain developments, ecosystem adaptive management strategies, science, research, and technology innovations, and sea space leasing, which will attract private investment in California that will maximize jobs and economic benefits as California transitions to a clean energy economy.
- 2.9 **Workforce Development:** Coordinating on joint advocacy to attract and train the skilled and diverse workforce to meet the varied and specific demands of the offshore wind industry and related sectors (e.g., electrical transmission) and ensure sustained and equitable economic development benefits through regional economic and workforce development planning partnerships with industry, educational and training institutions, labor organizations, apprentice programs, government entities (state, federal, tribal, and local), California Native American Tribes, and community members.

- 2.10 **Climate Ready Design:** Exploring and identifying opportunities to integrate climate ready strategies into the design, development, and planning of the new port elements and upgrades and workforce training. Sea level rise, intensifying storms, and other climate change related impacts may threaten port activities and associated offshore wind development. Integrating climate ready strategies into design and planning elements will enhance the climate resilience of port infrastructure and activities and help better safeguard investments into offshore wind related infrastructure and workforce developments.
- 2.11 **Data and Knowledge Sharing:** Sharing knowledge and exchanging data and information on subjects of shared interests to improve port businesses and the environment for the benefit of the surrounding communities and ecosystems at the Port of Long Beach and Port of Humboldt Bay, including but not limited to: technical, regulatory, and engineering information; green port policies and sustainability practices; zero emission port equipment and vessel technology advancements and supporting port infrastructure; professional expertise; and best practices.

### **SECTION III COOPERATION FRAMEWORK**

- 3.1 The Parties shall discuss cooperation activities as set forth in this MOU as needed.
- 3.2 The Parties may expand or focus the scope of this MOU through amendments based on the mutual written consent of all Parties, signed by their authorized representatives, including through the inclusion of additional ports and harbor districts in California and nationwide.
- 3.3 The Parties acknowledge that specific projects and programs requiring financial or staff commitment may require approval by their respective governing authorities.
- 3.4 Nothing herein shall prohibit any Party from entering into separate collaborations with other entities or partners of a similar or identical nature or otherwise.

### **SECTION IV TERM OF MOU**

- 4.1 This MOU shall commence on the Commencement Date and shall automatically lapse and cease to have any further effect after 5 years from the Commencement Date (“**Expiry Date**”) unless the Parties mutually agree in writing, signed by their authorized representatives, to extend the Expiry Date to such date as may be agreed by the Parties.

- 4.2 Any Party may terminate its involvement in this MOU, without the need to assign any reason by giving the other Parties thirty (30) days prior written notice.
- 4.3 The termination of this MOU shall not affect any cooperative efforts undertaken or any agreement executed pursuant to this MOU prior to the effective date of such termination.

## **SECTION V GENERAL**

- 5.1 This MOU only serves to set out the broad principles of cooperation intended between the Parties with the view of promoting and achieving the objectives and activities detailed herein. This MOU does not represent an exhaustive statement of the Parties' scope of cooperation and does not prohibit the Parties from extending the same. The Parties acknowledge that this MOU does not create any legally binding rights or enforceable obligations.
- 5.2 This MOU does not constitute approval or other commitment to any specific project or program, and thus is not subject to the California Environmental Quality Act (CEQA). The Parties acknowledge that, unless and until environmental review is completed in compliance with the CEQA, each Party retains the full discretion to approve, deny, or condition their respective projects. Further, the Parties acknowledge that this MOU does not constrain any Party's ability to consider or adopt particular mitigation measures or alternatives, including the alternative of not proceeding with a project or component thereof.
- 5.3 All notices, notifications, and other correspondence shall be directed to the Parties at the addresses set out in this MOU.
  - (a) If to the State Lands Commission:

**STATE LANDS COMMISSION**  
100 Howe Avenue, Suite 100 South  
Sacramento CA 95825
  - (b) If to the Port of Long Beach:

**POR T OF LONG BEACH**
