**SECTION 2.** That the Board of Commissioners of the Humboldt Bay Harbor, Recreation and Conservation District has found, after considering the impact of the proposed use upon the air, water, land, environment, and ecology of the lands under the jurisdiction of the Humboldt Bay Harbor, Recreation, and Conservation District, that:

- a) The proposed uses are necessary to promote public safety, health, comfort, and convenience of the public;
- b) The proposed uses are required by the public convenience and necessity;
- c) The proposed uses will not have any substantial adverse environmental or ecological effect;
- d) The proposed use is consistent with the Humboldt Bay Management Plan;
- e) The permit, right, or privilege is reasonably required by public convenience to promote growth, and to meet area demands, and does not adversely affect the environment or ecology of the area to any substantial degree; and
